but all through the course of the show, which begins on February 25, there is going to be music. The Van Surdam orchestra will give a special program reach day from 1:20 to 2:38 o'clock, during which time the visitors and attendants upon the loctures and demonstrations are free to wander among the exhibits and comment upon all the increase that the bride and the bridegroom are going to get.

Making a Home Happy.

A time will come when women who make bread and butter may use the length of the family 'fliver' to knead the dough and turn the churn; but with all that muchinery has done to alter one's amusement, machinery has not and can hever take the place of that sacred book of the kitchen, the cook book. Nor can a woman plus a cook book. Nor can a woman plus a cook book equal coffee cake or stuffed areen peppers. Something else is needed and that is experience.

It's not right or decent to experiment on an old husband and it's crooked as a pretzel to experiment on a young one, therefore there is only one thing the housewife who has been "sloughing" in her duties, can do, and that is learn. Mrs. Edna J. Evans can leach. She can make coffee 'cake Just like fhe old German women in the lowest house among the poppers and pickles that would put Heinze and the Mexican chefs to shame. She can make beans inste like Roston, and nutton like Boise City, and oysters like Battimore, and yellow yams like the Brazos valley. She waves a spoon at a "fill" for a Brazos bobbing around on the stove. She waves a spoon at a "fill" for a Brazos bobbing around on the stove. WHAT CAUSES COLDS?

Brotherhood hall, proved to be an important gathering of Spanish War Veterans. In addition to the members of Grubbs sump, which consists of min of the Sixth infantry, there were present a large number of comrades from Gen. McCaskey eamp of Fort Bliss and from Hamilton Fish camp, the civilian camp of El Paso. This question is asked every day. McCaskey camp of Fort Bliss and from Hamilton Fish camp, the civilion camp of El Paso.

The benutifol and impressive excomony of the order was carried out in full. Joint action was taken by the three camps to further legislation mow pending before congress. The Spanish was veterans are deeply interested in the passage of two bills introduced in both houses at the commencement of the present session, the widows and orphans; pension bill for those who served in the regulars or volunteers during the Spanish-American war and the graduated retirement bill; the first measure having passed the lower house last Wednesday.

Camp commander Kerrigan, of Gen. McCaskey camp, and camp commander Koenig, of Hamilton Fish camp, were gueste of honor and made addresses.

After the huniness meeting a social sension was held, refreshments were served and musical selections were furnished by an orchestra from the Sixth infanity band and a quartet from Fort Hiles. Senior vice commander Sergi, Charles C. Smith acted as presiding officer. A cold is really a fever, not always caused by the weather but often due to disordered blood or lack of important food-elements. In changing seasons fat-foods are essential because they distribute heat by enriching the blood and so render the system better able to withstand the varying elements. This is the important reason why Scott's Emulsion should always be taken for colds, and it does morebuilds strength to prevent sickness,

Scott's Emulsion contains Nature's rare strength-building fats, so skillfully blended that the blood profits from every drop. It is free from harmful drugs or alcohol. Sold at drug stores -always get the genuine.

Army officials have stated that the new camp will shelter ten thousand troops, but newspapers out of sympathy with the similalistration say the camp is to accommodate thirthy thousand men.

The barracks are arranged with streets 30 feet wide between them, and at intervals there are kitchens and store houses. Open spaces are left in various parts of the camp in which groups of 500 men may drill. In addition, there is a great drill ground provided for larger units.

Ancient Capital of Chias.

Honsi-fu for over 1200 years was the site of the dragon throne, and it is rich in tradition Formerly Honanfu was called Lohyang, and it was the capital of China under the Chow dynasty from 720 B.C. It was from that city that emperor Ping Ti sent a deputation to the west to discover the great sage who had arisen, and the deputation returned bringing Buddhist books and Buddhist priests from India. Soothsayers regard Honan-fu as a location upon which heaven smiles. When the capital was first located there by the Chow dynasty, the oracles were consulted and pronounced the situation ideal. They said the inheritance would last for thirty generations or a lotal of 700 years. The dynasty really lasted for 300 years. The dynasty really lasted for \$00 years.
